

Posting Discussion Papers at Scholarship@Western
<http://ir.lib.uwo.ca/pscpapers/>

Permission Form

This permission is not a copyright transfer, only the permission to make the discussion paper available for on-line distribution, and the right to preserve the material by converting it to a new file format if needed in the future. Authors who have given permission may withdraw their paper at any time by contacting Western Libraries by e-mail at libadmin@uwo.ca. Some journals may consider a paper to have been previously published if it has been posted. If this is the case, an abstract may be posted instead. When the paper or its revised version is published, a reference to the publication could be added to the record of the paper.
