Course Description:
Social inequality is a fundamental and contentious issue in almost all societies that exist and that have ever existed. Together with social stratification it forms one of the most studied issues in the discipline of sociology. Although some patterns of social inequality are specific to a certain country or region due to unique historical experience, there are some common social structural factors explaining the root causes of inequality. In this class we will discuss many causes and consequences of inequality both in Canada and in global contexts. In this course we will study the distribution of wealth, power and influence; how these factors that influence inequality can be measured; and how their relative importance can change.

Prerequisite(s):
Third or fourth year standing in any module in the Department of Sociology.

Unless you have either the prerequisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. The decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites. None.

Learning Outcomes:
In this course, students will:

1) Learn about recent and important empirical facts and theories of inequality and social stratification.

2) Further develop their critical thinking and analytical skills regarding societal issues.

3) Apply sociological theories to their understanding of social inequality and stratification.
Required Text(s):
Required Text(s): The readings for this class are excerpts from one single book: Grusky, D. B. (ed.) Social Stratification, Class, Race and Gender in Sociological Perspective (4th ed.), Westview Press. It is available at the UWO bookstore.

Method of Evaluation:
There will be one midterm test, an essay assignment and a final exam.

Evaluation Breakdown:
Midterm test  30%
Student essay 30%
Final Examination 40%

Essay:
Each student is expected to write a research essay for the course. Students are required to pick a topic of their choice that deals with social inequality, either globally or in Canada. This research essay must be about a topic that is relevant to the course and the instructor MUST approve the topic. The essay should not exceed 5 pages and be double-space typed. This essay should specify the main questions raised in the essay; begin with a thesis statement; contain a relevant literature review; and conclude with your position on the topic. I will hand out detailed instructions for the essays.

Important Policies

Academic Consideration for Missed Work
Students who are seeking academic consideration for missed work during the semester may submit a self-reported absence (SRA) form online provided that the absence is **48 hours or less** and the other conditions specified in the Senate policy are met. Two important exceptions to this rule: SRAs will not be allowed for final examinations or assessments worth more than 30% of a given course.

Students whose absences are expected to last **longer than 48 hours**, or where the other conditions detailed in the policy are not met (e.g., work is worth more than 30% of the final grade, the student has already used 2 self-reported absences, the absence is during the final exam period), may receive academic consideration by submitting a Student Medical Certificate (for illness) or other appropriate documentation (for compassionate grounds).
All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence. Students are reminded that they should consider carefully the implications of postponing tests or midterm exams or delaying submission of work, and are encouraged to make appropriate decisions based on their specific circumstances.

Make-up Exams

Make-up exams will be granted with approved documentation only. If you have a conflict with one of the exam dates, it is your responsibility to discuss it with the Academic Counseling office as soon as possible, but no later than one week before the regularly scheduled exam and provide documentation of the conflict. If approved, you will be allowed to write a make-up exam scheduled by our department. This makeup exam may or may not be in the same format as the original exam.

If you miss an exam (this includes make-up exams) due to illness or for any other unforeseen reason, please notify me (aholm@uwo.ca) within 24 hours of the missed exam. No documentation is required when you notify me, but I need to know that you missed the exam within 24 hours. You then must provide notification and documentation to your Academic Counselor within 48 hours. If your problem is medical in nature, you should be seen by your doctor on the date of the exam or on the date an assignment is due. If your Academic Counselor agrees that your reasons are legitimate and are supported by your medical doctor’s documentation, you will be allowed to write a make-up exam.

If a student misses a make-up exam due to sickness or another documented reason, then the weight of the mid-term will be added to the weight of the final exam. In cases where there is no approved justification for the absence, the student will receive a grade of zero on the exam.

Policies for Assignment Deadlines:

Late assignments will be penalized 5% per day (including weekends) except in the case of extreme and serious documented circumstances, discussed with me in advance and following the same procedures describe above related to missed exams. Please note that computer problems are not an excused circumstance. You are expected to follow good computer practices, including backing up your work.

A Note on Plagiarism:

Students must write their assignments in their own words. Whenever students take an idea from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major scholastic offence (the Scholastic Offence Policy can be viewed in the Western Academic Calendar).

Plagiarism Checking:

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for detection of plagiarism. All papers
submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (www.turnitin.com).

**Policies on Examinations**

Crip sheets are allowed both during the midterm and the final exam.

**Policy on Laptops and other Electronics/Phones in Class:**

Laptops are permitted in class but if it is observed that students are on social networking sites such as Facebook or Twitter, they will be told to close the lid and they will not be permitted to use it for the remainder of the class. Be sure that all cell phones are turned off at the beginning of class.

**Policy on Accommodation for Medical Illness**

Western’s policy on Accommodation for Medical Illness can be found at www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf.

Students must see the Academic Counsellor and submit all required documentation in order to be approved for certain accommodation:

http://counselling.ssc.uwo.ca/procedures/medical_accommodation.html

**Accessibility Options:**

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519 661-2111 x 82147 for any specific question regarding an accommodation. Information regarding accommodation of exams is available on the Registrar’s website: www.registrar.uwo.ca/examinations/accommodated_exams.html

**Scholastic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following web site:

www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

**Mental Health**

Students who are in emotional/mental distress should refer to Mental Health@Western (http://uwo.ca/health/mental_wellbeing/index.html) for a complete list of options how to obtain help.
