**Antirequisite(s):** Sociology 2239.

**Prerequisite(s):** None

**Course Weight:** 0.50

2. Course Objectives and Learning Outcomes
Upon successful completion of this course, students will be able to:

- Identify and describe sources of social inequality and their interconnections.
- Understand and critically analyze sociological theories of social inequality.
- Evaluate contradictory explanations of social inequality.
- Understand how sources of social inequality influence daily life (e.g., in families, work, health, education and the state).
- Understand and be able to communicate why social inequality is pervasive and important.

3. Course Format

This is an in-person course.

Contingency plan for an in-person class pivoting to 100% online learning:

In the event of a COVID-19 resurgence during the course that necessitates the course delivery moving away from face-to-face interaction, affected course content will be delivered entirely online, either synchronously (i.e., at the times indicated in the timetable) or asynchronously (e.g., posted on OWL for students to view at their convenience). The grading scheme will not change. Any remaining assessments will also be conducted online as determined by the course instructor.

4. Textbook and other resources

Additional readings and course material will be posted on the OWL site.
Print and e-book versions of the text are available at the bookstore. See: [https://bookstore.uwo.ca/textbook-search?campus=UWO&term=W2022A&courses%5B0%5D=002_UW/SOC2228A](https://bookstore.uwo.ca/textbook-search?campus=UWO&term=W2022A&courses%5B0%5D=002_UW/SOC2228A)

5. Communication

The best way to reach me is through email ([mcmullin@uwo.ca](mailto:mcmullin@uwo.ca)). I will endeavour to reply to messages within 24 hours between Monday and Friday and within 48 hours on Saturday and Sunday.

6. Course Content and Schedule

Students should check the course OWL site frequently to access the online lessons, course material, and for key deadlines. Students are responsible for checking the OWL site on the morning of each class to determine whether the class will need to be conducted online.

10. Student Absences/Academic Consideration for Missed Work

If you are unable to meet a course requirement due to illness or other serious circumstances, please follow the procedures below.

**Assessments worth 10% or more of the overall course grade:**

For work totaling 10% or more of the final course grade, students must provide valid medical or supporting documentation to their Home Faculty Academic Counselling Office as soon as possible. Reasonable extensions will be negotiated in these cases.

**Extension for Final take-home examination:**

Students must provide valid medical or supporting documentation to their Home Faculty Academic Counselling Office as soon as possible. Academic Counselling will determine eligibility to give extensions.

**Note:** missed work can only be excused through one of the mechanisms above. Being asked not to attend an in-person course requirement due to potential COVID-19 symptoms is not sufficient on its own. Students should check the Western website to see what directives for Covid are to be followed. Western has been and will continue to follow directives established by the Middlesex-London Health Unit. That directive will state whether students should or should not come to campus/class and any other requirements (e.g., masks are mandatory). Please check on your own and do not email the instructor, the Department Undergraduate Advisor/Coordinator or the Faculty of Social Science Academic Counselling Office.

Western’s policy on Accommodation for Medical Illness can be found at [https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_m](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_m)
The student medical certificate is available at

**Religious Accommodation:** When a course requirement conflicts with a religious holiday that requires an absence from the University or prohibits certain activities, students should request accommodation for their absence in writing at least two weeks prior to the holiday to the course instructor and the Academic Counselling office of their Faculty of Registration. Please consult University's list of recognized religious holidays (updated annually) at https://multiculturalcalendar.com/ecal/index.php?s=c-univwo.

All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence. Students are reminded that they should consider carefully the implications of postponing tests or midterm exams or delaying submission of work and are encouraged to make appropriate decisions based on their specific circumstances.

11. **Accessibility Options:**

Students with disabilities or accessibility challenges should work with Accessible Education (formerly SSD http://academicsupport.uwo.ca/accessible_education/index.html), which provides recommendations for accommodation based on medical documentation or psychological and cognitive testing. The accommodation policy can be found here: Academic Accommodation for Students with Disabilities. Information regarding accommodation of exams is available on the Registrar’s website: www.registrar.uwo.ca/academics/examinations/accommodated_exams.html

12. **Scholastic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence.
A Note on Plagiarism: Students must write their assignments in their own words. Whenever students take an idea from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major scholastic offence.

Plagiarism Checking: All required papers and take-home exams may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).

13. Mental Health
If you or someone you know is experiencing distress, there are several resources available at Western to help. Please visit Western’s Health and Wellness website for more information on mental health resources.
